[Madison, WI] – The Republican Party of Wisconsin released the following statement from Chairman Andrew Hitt regarding the efforts to recall Governor Tony Evers:

“Given the governor’s inability to keep Wisconsinites in Kenosha safe and deliver basic government functions, it’s no wonder that a group of citizens would be motivated to have new leadership in the Governor’s Office as soon as possible and work towards that end. We will continue to focus and urge others to focus efforts on reelecting President Trump, because a Joe Biden presidency would be a disaster that would send our nation into further lawlessness and on the path to a socialist America.”
