**The Wisconsin Alliance for Retired Americans Endorses  
Wanda Smith for Fitchburg Alder**

Madison/Fitchburg - The Wisconsin Alliance for Retired Americans (WIARA) has endorsed Wanda Smith for Fitchburg Alder, District 1, Seat 2. They join Progressive Dane, The Democratic Party of Dane County, the South Central Federation of Labor, AFL-CIO and hundreds of residents and over 2 dozen city, county and state elected officials.

WIARA President, Mike Pyne, had promising words for Smith saying "Wanda has a long history of working in healthcare with retired residents and advocating for their diverse needs at home and in the community. Hers is precisely the kind of experience and leadership WIARA wants to see at the table in city government."

Smith was thrilled to have WIARA's support stating "I'm honored by this endorsement. When we go to those organizations within our communities to seek help for those in need, who do we see leading the charge? Retired people who have already spent their lifetime working. They are our unsung leaders and the rest of us have to advocate for their needs as well. We are all in this together. "

In addition to serving on the city of Fitchburg's Community and Economic Development Authority, Smith founded Peace Network, Inc., an award winning mental health consulting service. Prior to that, Smith worked as a CNA specializing in care facilities for senior residents.
