Representative Gannon Announces Hometown Hero

Madison- The Wisconsin State Assembly will award Dr. Tom Albiero D.D.S. the Hometown Hero award on May 10, 2017 at 1:00PM on the floor of the State Assembly.

For many years, Dr. Albiero volunteered at free dental clinics around the state and decided he wanted to make a difference in his own community. Thanks to his first hand commitment and countless volunteer hours and many friends within the dental community, he delivered dental care at the Albrecht Free Clinic.

“I look forward to presenting the award to Dr. Albiero,” said Rep. Gannon. “It will be a great pleasure to honor the doctor’s good work and recognize all he has done for the residents of Washington County.”

One of the greatest unmet health care needs of Washington County was dental care for those living at or below the poverty level. Unfortunately few dentists accept Medicaid and many families struggle to make ends meet and need to decide between buying shoes for their child or having their teeth cleaned.

Since the dental clinic’s inception in 2016 over eight hundred-thirty dental visits have been provided to financially eligible residents of Washington County.

Dr. Albiero is a member of the Albrecht Free Clinic Board of Directors, he serves as Director of Dental services, and he is a lifelong resident of the area.

The Albrecht Free Clinic, located in West Bend, provides free medical and dental care to uninsured and under-insured residents of Washington County.

The Hometown Heroes program recognizes individuals whose care and concern for others motivates them to unconditionally intervene, guide or lend a hand wherever needed.
