Lock Your Doors, Protect Your Neighbors

Madison, WI – Senator Chris Larson released the following statement in response to news that Milwaukee County Sheriff David Clarke has accepted an appointment as an assistant secretary in the Department of Homeland Security.

“With this disturbing news, it’s clear that Trump continues to betray the nation’s trust with his appointment of Milwaukee County Sheriff as the newest member of the Trump Deportation Team. This is the same person who attempted to incite violence against the very institutions he has sworn to protect by telling people to get their ‘pitchforks and torches.’

“In January, Clarke threatened violence to fellow air passengers saying, ‘next time he or anyone else pulls this stunt on a plane they may get knocked out.’ That threat came after a passenger on a plane shook his head at him. Sheriff Clarke has, again and again, shown our community and the nation a disturbing pattern of bizarre, irresponsible and menacing behavior. Our neighbors are right to be concerned with the damage Clarke could wreak on the national stage.

“Trump knows that Clarke will back bad policies that betray our values, harm our neighbors, and enforce policies that rip families apart. As Milwaukee County Sheriff, Clarke recklessly pursued joining the Trump administration in their implementation of 287(g), which gives local law enforcement the ability to operate as federal immigration agents. Many of our neighbors oppose the program as it allows law enforcement to stop and question people based on just their appearance.

“It’s no wonder Clarke was seeking an escape from his Milwaukee County mess before the next election, as he is facing communitywide anger for his gross mismanagement of the Milwaukee County Jail, including the recent tragic death of Terrill Thomas by dehydration. In a span of just months, four families lost their loved ones due to Clarke’s negligence and lack of supervision over his department.

“Clarke has a history of mocking, belittling and intimidating our neighbors. He is yet another bad actor in a cast of clowns.”
