### **Rally in Front of Oscar Mayer: Kraft-Heinz, Uphold Your End of the Bargain!**

On Thursday, May 25th, workers and retirees from Oscar Mayer, joined by local union leaders, elected officials, and community allies, will gather to call on Kraft-Heinz to honor the union contract and exit agreement collectively bargained by UFCW Local 538.

Kraft-Heinz is kicking the workers while they are down- committing unfair labor practices by breaching the contract with early releases, breaking a chief Steward agreement, and not resolving grievances in a timely manner. If remedies to these labor grievances are not made, the cases could go into arbitration long after Kraft-Heinz has fled our community.

UFCW Local 538 is upholding their end of the bargain. Kraft-Heinz should do the same. We are asking people to assemble in the UFCW Local 538 parking lot at 1pm, in front of Oscar Mayer.
