## **Rep. Weatherston reacts to Gov. Walker's State of the State**

**(Madison)** - As Chairman of the Aging and Long-Term Health Care Committee Representative Thomas Weatherston (R-Caledonia) is excited and proud that Wisconsin is seeking a permanent waiver to provide SeniorCare. "I agree with the governor it is time to make this a stable and permanent program, says Rep. Weatherston."

Also Rep. Weatherston was extremely happy to hear the governor ask the State Senate to pass legislation that the Assembly has already passed, to extend healthcare coverage to those with pre-existing conditions.
