Sen. Tiffany Statement on Proposed Legislation

MADISON, Wis. – Wisconsin State Senator Tom Tiffany (R-Minocqua) issued the following statement in response to legislation proposed by Senator Robert Wirch (D-Somers):

“Today, Senator Wirch introduced LRB-0449 for co-sponsorship. This proposal will steal authority to select the next DNR Secretary from Governor-elect Tony Evers. It will turn the selection over to an unelected board. Before signing on to the proposal I urge my colleagues to understand the power grab you are proposing to undertake before Mr. Evers is inaugurated.”
