Representative Crowley Statement on Appointment to the Juvenile Corrections Grant Committee

Rep. David Crowley (D-Milwaukee) made the following statement on his appointment as Chair of the Juvenile Corrections Grant Committee:

“I am honored to be selected as the chair of the Act 185 Juvenile Corrections Grant Committee. This committee is the result of the arduous and passionate work by members of both parties and in both chambers.

“This committee will allow us to continue the process of fixing our broken juvenile justice system and help break the pipeline from juvenile justice to adult incarceration. We will endeavor to reduce the amount of children at Lincoln Hills as quickly and feasibly as possible.

“I am excited to work with my fellow committee members to do this important work, and look forward what we will accomplish together.”
