Chamber Unveils NEXUS: The New OS

Two-year legislative agenda focused on inclusive growth for Greater Madison

MADISON – Today the Greater Madison Chamber of Commerce unveiled NEXUS: The New OS, its new two-year policy roadmap at the local, state and federal level. The agenda is designed to achieve inclusive growth for Greater Madison through investments in transportation and infrastructure, education, research, entrepreneurial and technology equity, and other important issues.

“Greater Madison is experiencing a surge of economic momentum, yet disparities still exist for many in our community,” said Chamber President Zach Brandon. “NEXUS is focused on taking coordinated action at all levels of government to build a new operating system (OS) where anyone, and everyone, profits from our momentum.”
