HESSELBEIN VISITS OCTOPI BREWING FOR CRAFT BREWERY DAY

WAUNAKEE – Today, State Representative Dianne Hesselbein joined Lieutenant Governor Mandela Barnes and Waunakee community leaders at Octopi Brewing for Craft Brewery Day in Wisconsin.

“Octopi has been a great part of our community. We are grateful for their investment here in the Village of Waunakee and we are so proud to see their incredible growth,” Representative Hesselbein said.

Representative Hesselbein toured the newly expanded facility at Octopi Brewing to learn about how the business has added to the growing impact of Craft Breweries in the economic development of Wisconsin communities. Isaac Showaki and his team opened Octopi Brewing as the first world-class contract brewery in the Midwest located on 1131 Uniek Drive in Waunakee.

“I’m always impressed with the level of commitment Isaac and his team give to creating a fantastic product and cultivating their quality brand,” Hesselbein added.
