Rep. Zamarripa Statement on DATCP Secretary Nomination

MADISON – Today State Representative JoCasta Zamarripa (D-Milwaukee) released the following statement on Senate Republicans partisan rejection of Brad Pfaff for Secretary of the Department of Agriculture, Trade, Consumer Protection (DATCP):

“One of Wisconsin’s largest and most important industries is in crisis, and we need a leader with the experience and qualifications to lead DATCP and help farmers. Brad Pfaff has the know-how and commitment to Wisconsin’s farms that we need, yet Senate Republicans have turned this into a partisan fight. I implore the Senate—put aside petty squabbles and do what’s right for our state’s farmers.”
