**Purnima Nath Announces Run for Milwaukee County Executive
Please Join Us on Tuesday Nov. 19th, 2019 at 11 am
at Milwaukee County Courthouse Rotunda**

‘We must be the change that we seek.’

Purnima Nath is proud to announce her campaign for Milwaukee County Executive. We firmly believe that if we are to make Milwaukee County a better place to live, grow, and raise a family, we must all do our part to change it.

Our system is broken, and we deserve better. Our leaders are divided, and discord and blame are pulling people apart. Our neighborhoods face different challenges and not everyone experiences the same opportunity in life.

Purnima is an immigrant and a proud American citizen, with an extremely humble background. She is not a politician but believes it is her duty to serve the community and has dedicated her life to do so.

“I know, what it means to have barely anything. I know what it means to push oneself. Growing up, we had a pair of shoes, two pair of clothes, handed-down worn-out books, and we read in candle lights. I am not a career politician. I bring in real life struggles, small accomplishments and a great deal of hope! – Purnima Nath”

Milwaukee County deserves better. We need a County Executive with the education and experience to lead but knows what it's like to face hardship. She is experienced managing both corporate and non-profit organizations. Purnima got her MBA in Northwestern University and an Engineer, spent years in management and strategy consulting helping organizations and corporations grow and become more efficient.

After an accomplished career, she decided to focus on the community. She started a non-profit dedicated to building U.S.-India relationships, that has helped our local businesses grow, create jobs and bring communities together. Purnima is the creator of IndiaFest, a popular local ethnic festival in the Bayview.

“I believe in Milwaukee...Let's move ahead >> – Purnima Nath”

Purnima Nath represents the best parts of Milwaukee and share our values.
We need Purnima as our next Milwaukee County Executive.
