DPW Statement on Rep. Staush Gruszynski

The following statement is a response from **Democratic Party of Wisconsin Chair Ben Wikler** on Assembly Democrats' decision to remove Rep. Staush Gruszynski from his committee assignments and ask for his resignation.

“We are grateful for Leader Gordon Hintz’s swift and thorough response to this troubling report of sexual harassment. We have zero tolerance for sexual harassment at the Democratic Party of Wisconsin and expect elected leaders to hold themselves to the same standard. It is on all of us to create a culture of mutual respect and trust in the workplace and in our communities, and we are deeply disappointed that one of our own members contributed to this pervasive issue. In acknowledgment of the gravity of Rep. Gruszynski’s actions, we echo Leader Hintz’s request that he step down.”
