## **Rep. McGuire Statement on Gov. Evers' Transportation Aid Grants**

“Last week, Gov. Evers announced a series of transportation aid grants to municipalities in every corner of the state, including Kenosha and Racine, fulfilling his promise to provide historic increases in transportation aid funds.

“Kenosha County received \$1 million for County Highway S, while Racine County received \$1 million for multimodal roads and over \$800k for County Highway Y. I am thankful to Gov. Evers as well as to Secretary of Transportation (and Racine native) Craig Thompson for their strong support of our local roads.”
