Derrick Van Orden opposes Nancy Pelosi and Ron Kind's HEROES Act

(Hager City, WI) – H.R. 6800, The Leftwing wish list, "HEROES Act", was ramrodded through by Nancy Pelosi and Ron Kind on May 15th showing once again how out of touch Ron Kind is with the 3rd congressional district.

The bill has come under intense scrutiny by the Republicans in the House, as well as Republican candidate Derrick Van Orden who is running against Ron Kind for Wisconsin's third Congressional district seat.

The bill contains several key battleground issues between the incumbent Ron Kind and Derrick, including plans to:

- Provide \$1200 stimulus checks to illegal immigrants.
- Allow funding of Planned Parenthood by subsidizing abortion with American tax dollars.
- Blanket release of prisoners, including murderers and rapists.
- Expand the Affordable Care Act through an extension of the enrollment period.
- No ID requirement for in-person voting, and ballot harvesting.

Derrick had this to say about Ron Kind's support for the bill. "Ron Kind has proven once again to put Washington DC politics above the people of our district. He votes with Nancy Pelosi, Adam Schiff, Jerry Nadler, and The Squad 95% of the time. This vote furthers his Leftwing voting record."
