**Derrick Van Orden in response to Biden/Kind virtual round table.**

(Hager City, WI) In response to Joe Biden and Ron Kind's virtual round table, retired Navy SEAL, Derrick Van Orden, criticized the event. Derrick, the endorsed Republican candidate for the third district's Congressional seat, is challenging Ron Kind in November, and had this to say:

"Ron Kind, Joe Biden, and Tony Evers continue to support policies that are leading our state and country down the road of socialism. Wisconsinites want to work to support themselves and their families. This is another example of Ron Kind being out of touch with Wisconsin."
