## **GOP Weekly Radio Address: Happy Independence Day**

**Madison...**Representative Bob Kulp (R-Stratford) delivers the GOP Weekly Radio Address.

*Hello, I'm State Representative Bob Kulp from Stratford. July 4<sup>th</sup>, 1776 was a day that set in motion events that have shaped not only our nation but the entire world. On that day 244 years ago, what were perhaps the most consequential words in American history were published:*

*"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights that among these are Life, Liberty and the pursuit of Happiness."*

*Today, America remains the light guiding those seeking freedom around the world. Though we have seen darkness and difficulty, America's strength is to unite behind the cause of liberty so that our future generations may know freedom.*

*This year's celebrations may look different with some communities canceling parades and fireworks due to the coronavirus pandemic. However, we can always keep those American ideals close to our hearts, work toward them every day, and thank those men and women who have bravely served and fought to keep our nation free. Happy Independence Day everyone!*
