**Wisconsin Laborers' District Council Supports Governor Evers and WisDOT's Revival on the I-94 East-West Corridor Project**

**DeForest, WI** – The Wisconsin Laborers' District Council thanks Governor Evers and the Wisconsin Department of Transportation for their decision to revive the I-94 East-West Corridor project in Milwaukee County.

"This project to rebuild I-94 between 70<sup>th</sup> Street and 16<sup>th</sup> Street in Milwaukee County is long overdue, and this project will help alleviate traffic congestion and make our roads safer, while also helping to boost the local, regional, and state economy," said John Schmitt, President/Business Manager of the Wisconsin Laborers' District Council.

"This project will create between 6,000 and 10,000 jobs, and our members are a highly trained workforce who are ready to get to work to rebuild this critical piece of our state's infrastructure. We thank Governor Evers and Secretary-designee Thompson for their leadership on working to get this project moving again," Schmitt concluded.

The Wisconsin Laborers' District Council is an affiliation of five Laborer local unions, representing nearly 9,000 construction craft laborers throughout Wisconsin. The Laborers are the most diverse trade in the construction industry servicing employers in transportation infrastructure, building, sewer and water, utility distribution, demolition, asbestos removal and related sectors.
