Fmr. Lt. Governor Kleefisch Launches Rebecca PAC

New Political Action Committee will back GOP Legislative Candidates

[Concord, WI] – Today, former Wisconsin Lt. Governor Rebecca Kleefisch formally launched Rebecca PAC, a new political action committee designed to support Republican legislative candidates across Wisconsin. Kleefisch recently recruited 25 candidates to run for Wisconsin State Assembly, allowing Republicans to run a total of 92 Assembly candidates this election cycle - the most in 34 years. A highly effective and skilled fundraiser, Kleefisch is now shifting her focus to provide financial backing to conservative candidates for both State Assembly and State Senate.

“This year we’ll cede no heart, and cede no mind. We’re taking it to Democrats in the deepest blue districts,” said former Lt. Governor Kleefisch. “It’s going to take a team effort to be successful this election, and we are going to do our part by providing support to conservative candidates across the state in order to get our team across the finish line.”
