The Wisconsin Grocers Association Endorses State Senator Dan Feyen

Fond du Lac- State Senator Dan Feyen has announced the endorsement from the Wisconsin Grocers Association as well as being awarded the “Friend of Grocers” award.

"In his first term, Senator Feyen received the Friend of Grocers Award in both legislative sessions. Since being elected, Senator Feyen has quickly risen to the top as a strong leader and solid supporter of grocers and all small businesses. We are proud to extend our endorsement to Senator Feyen in his re-election efforts," said the Wisconsin Grocers Association's President and CEO, Brandon Scholz.

"I'm honored to receive the “Friend of Grocers award and to have the campaign endorsed by an organization that represents so many small businesses across the state. We have seen the past several months the importance of the food industry and how vital this industry and its employees are to the food chain and keeping our citizens safe. I want to thank the members of the Grocers Association and their employees for this honor and their dedication throughout these challenging times," said State Senator Dan Feyen.
