Madison, Wisconsin

**TELECONFERENCE and WEBCAST**

**IMPORTANT NOTICE: In light of the precautions relating to public gatherings in response to COVID-19, the Commissioners will attend this meeting telephonically. The Commission will webcast this Information Meeting live on the Commission’s web site at <http://psc.wi.gov/> under the “Live Broadcast” button.**

If you need reasonable accommodations due to a disability or other accommodation to access this meeting, please contact the Commission at (608) 266-1265.

**Teleconference/Webcast Informational Meeting Agenda for Thursday, August 20, 2020, at Approximately 11:30 a.m. (immediately following the Commission’s open meeting scheduled for that same day)**

(No formal action will be taken by the Commission at this informational meeting.)

The purpose of this informational meeting is to receive a presentation on the recommendations from the Wisconsin Energy Distribution Technology Initiative (WEDTI). Convened by Great Plains Institute and Midwest Energy Research Consortium (M-WERC), WEDTI facilitated discussions between Wisconsin energy system stakeholders to explore changes happening in the electric energy sector, and develop Wisconsin-specific approaches to addressing them, with a focus on technology deployment and innovation.

The final WEDTI report presents 14 recommendations identified by the stakeholder group. A copy of the final report is available at: <https://www.m-werc.org/wedti-report>.

(Two or more commissioners may be present at various points during this informational meeting.)
