

WISCONSIN STATE ASSEMBLY
Christine Sinicki
STATE REPRESENTATIVE

Milwaukee

August 24, 2020

State Rep. Christine Sinicki issued this press statement this afternoon:

“I applaud Governor Evers for calling a special session next Monday, August 31st, to take up the bills Democrats drafted in early June. This package of bills would create accountability and transparency from Wisconsin law enforcement.

“The people of Wisconsin have been waiting since June for the Republicans who run the Legislature to call us into session to take up these bills.

“Speaker Vos and Senator Fitzgerald should stop hiding and step up to require all their members to attend the special session next Monday.

“It is time for Vos and Fitzgerald to do their part in this crisis by taking up this urgently needed legislation.

“Vacation time is over. It’s time to do the work we were elected to do.”
