Madison, WI- Representative Mary Felzkowski (R-Irma) issued the following statement in reaction to Governor Evers' issuance of Executive Order #90, declaring another 60-day public health emergency, and Emergency Order #1, ordering a statewide mask mandate:

“There are few words left for me to express my dismay at the Governor’s order today that I have not used before to share my disappointment. I continue to be exasperated with the Governor’s sheer, ongoing lack of respect for the law.

“This argument is not about public safety or scientific data, this is about the law. There are many avenues available for the state and local governments to work together to address the ongoing situation- a one-size-fits-all order from the top is not one of them. Our democratic system of government does not permit the Governor to issue dictatorial commands. Period.

“I stood ready to come in and vote to overturn the mandate he ordered on August 1st, and I stand ready to overturn this new mandate.”
