## Representative Emerson Receives Recognition from National Women's Organization

EAU CLAIRE – Rep. Jodi Emerson (D-Eau Claire) has been named as one of the recipients of the 2020 Elected Women of Excellence Award from The National Foundation for Women Legislators (NFWL). She will accept the award in a virtual ceremony this evening.

Through annual educational and networking events, the National Foundation for Women Legislators supports elected women from all levels of governance. As a non-profit, non-partisan organization, NFWL does not take ideological positions on public policy issues, but rather serves as a forum for women legislators to be empowered through information and experience.

*"I am honored to accept this award from NFWL in such a pivotal year for our democracy. As a woman who holds elected office, I understand my responsibility to advance the opportunities of women everywhere by breaking through barriers and demonstrating what a determined woman can do in the face of challenges. I am humbled to be recognized by the NFWL for these efforts, and I look forward to continuing our fight for women across my district and the country."*
