Speaker Vos Delivers GOP Weekly Radio Address

Madison...Speaker Robin Vos (R-Rochester) delivers the GOP Weekly Radio Address.

Hello I'm Assembly Speaker Robin Vos.

This week, we heard some good news and some bad news in state government.

The good news is the tax burden on Wisconsinites is at the lowest level since 1970, according to the Wisconsin Policy Forum.

The credit goes to the Republican leaders of this state and our conservative policies that we've adopted over the course of past ten years.

Now the bad news: the state of Wisconsin still does not have a comprehensive vaccine distribution plan. And unfortunately, there seems to be no sense of urgency from the Evers administration to get one done.

A recent report showed Wisconsin ranked 10th out of 12 Midwest states for vaccine distribution.

With lives literally on the line, this is unacceptable and must change.

Today, we are calling on Governor Evers to do his job and make the vaccination effort a top priority so we can get past the coronavirus pandemic.
