Rep. McGuire Statement on Violence in Washington D.C.

MADISON – Rep. Tip McGuire made the following statement on the violence in the U.S. Capitol yesterday:

“The peaceful transition of power is the foundation of our democracy. The violence we saw from Trump supporters in Washington D.C. yesterday was unacceptable. Our Constitution protects the right to peaceful political protest, not to violence. While I am grateful that order was restored and democracy is intact, make no mistake: preserving democracy requires our daily attention, and we must remain vigilant.”
