REP. HONG STATEMENT ON INTRODUCTION OF COVID-19 RESPONSE LEGISLATION

MADISON - Today, Assembly Democrats announced comprehensive legislation to address the COVID-19 pandemic throughout Wisconsin.

Rep. Hong (D-76) issued the following statement:

“The Assembly Democrats are proud to introduce legislation on day one of the 2021 legislative session to combat the COVID-19 pandemic here in Wisconsin. Throughout 2020, it has been clear that Wisconsinites are struggling with continued access to affordable healthcare, workplace safety, and economic security.

The legislature convened in mid-April and took some initial steps to address COVID-19, but it is long past time for further action to support and protect our communities.

After months of legislative inaction, I call upon Republicans to enact measures ensuring Wisconsinites will have the relief they need and a path to economic recovery. Our COVID Response Plan continues the necessary work of helping families and businesses in every corner of Wisconsin.”

Rep. Hong represents the 76th Assembly District.
