PLUMER INAUGURATED TO STATE ASSEMBLY FOR THIRD TERM

Madison... On Monday, January 4, 2021, Rep. Jon Plumer (R-Lodi) was inaugurated to the Wisconsin State Assembly. After winning in a special election in June, 2018 and reelected in November, 2018 and 2020, this was his third inauguration. Rep. Plumer has been appointed to be the Chair of the Assembly Committee on Transportation for the 2021-2022 session. He is also a member of the following committees: Aging & Long-Term Care, Agriculture, Family Law, Rules, Rural Development, Substance Abuse & Prevention, and Tourism.

Rep. Plumer released the following statement: *"I am honored to be chosen by the voters to once again represent them in the State Assembly. Beginning a new session is exciting, but there is a lot of work to be done. Early this session, we will be working on a bipartisan piece of legislation dealing with COVID-19. I hope that this legislation will help Wisconsin families, businesses, and local governments deal with the ongoing issues that the pandemic has caused. I am confident that we will pass a strong piece of legislation that really makes a difference.*

"In the coming weeks, the Governor will release his executive budget. The Legislature will spend several months making changes and working through the over \$75 billion spending bill. I look forward to hearing from constituents on what their priorities are in this budget.

"Throughout the session, I will be very busy sitting on eight standing committees. Working with other legislators, stakeholders, and constituents crafting quality legislation through the committee process is essential to our work in the Legislature.

"As always, my office is available to help constituents any time – I encourage you to reach out if you have an idea for legislation or need help navigating a state agency."
