**WPT Applauds Assembly Passage of AB 232**

MADISON – Wisconsin Property Taxpayers, Inc. today released the following statement in response to the State Assembly’s passage of AB 232:

“WPT’s members applaud and thank the majority of elected representatives to Wisconsin’s Assembly who voted for true COVID-19 relief by passing AB 232,” said John Jacobson, director of government and member relations. “When you peel away the hollow rhetoric, what we’re left with is a responsible plan that, instead of creating more government programs to solve society’s problems, provides direct relief from a tax that many Wisconsinites are struggling to keep up with. Thank you to Representative Cabral-Guevera for authoring this straight-forward proposal.”
