TASC joins Wisconsin LGBT Chamber as newest Gold Member

MILWAUKEE - The Wisconsin LGBT Chamber of Commerce announced that Total Administrative Services Corporation (TASC) has joined the organization as its newest gold member.

"We are pleased to welcome TASC to the Wisconsin LGBT Chamber family as our newest gold member," said Jason Rae, President & CEO of the Wisconsin LGBT Chamber of Commerce. "We are thrilled to be working with such an innovative and forward-thinking company as we work to build a more welcoming and inclusive business community. We are so appreciative of TASC's support of the Chamber and look forward to a successful partnership."

Since 1975, TASC has evolved to meet the ever-changing needs of our clients and their employees and worked with them to provide benefit options that feel like benefits every day and in times of great need. TASC is proud to be an organization dedicated not only to their business endeavors but to investing in the communities where they live, work and play.

TASC is comprised of a largely remote workforce and employees all over the country dedicate their time to giving back and making a difference. TASC's mission is to improve the health, wealth, and well-being of customers, employees and community.

"At TASC, we are proud to be fostering an empowered workforce. We want our employees to experience and champion diversity, equity and inclusion throughout our company and in our communities," said Dan Rashke, CEO of TASC. "It is our goal to lead by example, to be a part of organizations who inspire and empower others and we are excited to join the Wisconsin LGBT Chamber of Commerce to facilitate change."

TASC joins more than 40 other corporations as a gold member of the Wisconsin LGBT Chamber. Gold members receive a listing in the online business directory, invitation to all Chamber events, and a seat on the Chamber's Leadership Council.

Headquartered in Madison, Wisconsin, TASC is the nation's largest, privately held, third-party administrator for employee benefits programs. Learn more at www.tasconline.com.
