## **Chair of Assembly Family Law Committee Responds to Gender-Neutral Birth Certificates**

MADISON, WI – The State Assembly Family Law committee chair, Representative Gae Magnafici (R – Dresser) released the following statement in response to Governor Tony Evers downplaying motherhood through executive action:

*“The far-left liberals are at it again. Instead of acknowledging something as simple as a baby coming from a mom and dad, they deny science. When far-left culture activists run state government, the policy that follows is something that even the best satire writers cannot imagine.*

*As the Assembly chair of Family Law, a nurse, and a mom, I am insulted. I’m calling on Governor Evers to stop downplaying womanhood, stop downplaying motherhood, and stop downplaying settled science.”*
