Radio Address: Rep. Mark Born – Governor Signs Republican Budget

MADISON – Joint Finance Committee Co-Chair Rep. Mark Born (R-Beaver Dam) released the weekly radio address on behalf of Wisconsin Legislative Republicans.

We've all seen the headlines, Governor Evers signed the Republican written budget, delivering a historic tax cut to the people of Wisconsin. Republicans are leading the way and sent the governor a budget that was too good to pass up.

While the governor tries to take credit for the historic tax cut that the republican controlled legislature delivered to his desk, he still couldn't resist keeping more money for the government to spend.

He continues to fail the people of Wisconsin by vetoing updates to the tax withholding tables the governor is taking money out of people's pockets and instead keeping it with government. This means every month paychecks of families will be less because of Evers' actions today.

At the end of the day, we're pleased the governor was forced to sign our reasonable, responsible, and realistic, budget. This is an opportunity that he couldn't pass up, and I'm proud of the work my republican colleagues and I did to get it to his desk.
